

## **We Are Not Alone**

On this battle ground  
We are not alone  
And when the tears fall down  
We are not alone

Stronger than the darkest power  
Greater than the deepest fear  
Closer than any other  
Love is present Love is here

On this path unknown  
We are not alone  
And when we can't go on  
We are not alone

Stronger than the darkest power  
Greater than the deepest fear  
Closer than any other  
Love is present Love is here

Stronger than the dark is power  
Greater than any fear  
Closer than any other  
Love is present Love is here

We are not alone  
We are not alone  
We are not alone  
We are not alone

Stronger than the dark is power  
Greater than any fear  
Closer than any other  
Love is present Love is here  
Love You're present You are here
