

Path Of Peace

Written by Josh Lavender, Taylor Wilding, Andy Riemersma, Marcus DePeal, Jennifer Wilding, Elisa Teller, Leanza Riemersma

[Verse 1]

We have heard You call us out by name
You were patient in our lack of faith
Now we've seen the cross and the empty grave
Lord, teach us Your ways

[Verse 2]

To the Father You were lifted up
With Your hands stretched out still blessing us
And You said to wait for our Help to come
To give us power and love

[Chorus]

We walk the path of peace
We will fight down on our knees
You bowed low to wash our feet
We will follow as You lead

Selfishness won't keep us here
You made a stranger of fear
On a cross for all to see
We will follow as You lead

[Verse 3]

We have heard the sound of rushing wind
Spirit speak and spread the fire again
Over all the earth let us burn with love
To see your kingdom come
To see your kingdom come

[Chorus]

[Bridge]

One day all earth will see Your glory
One day all chains will hit the ground
We see glimpses of this future
We're living for it now

One day Your joy will bury sorrow
One day injustice will be bound
We see glimpses of this future
We're living for it now
